Everyone hates Tuesday. It isn't the start of the week, it isn't in the middle, or on the downwards curve towards the weekend.

Most would have thought Tuesday was bad enough as it was, just being a Tuesday… without a murder enquiry underway during the morning coffee break as well!

It seems Phil Armonic, one of the much loved junior office clerks at "Latte!" magazine has been found dead in the electrical cupboard!

And to make things worse, the police seem to think someone at the magazine had it in for him! The question is… who?
