With Christmas fast approaching the local elite have made their way to Trimming Mansion, an imposing Edwardian building nestling in the trees at the edge of the village, for their yearly Christmas dinner party. This year the dinner party is tinged with sadness, as the billionaire bespoke cracker manufacturer Buster Kracker, in whose house they annually met, died in the autumn.

Fulfilling this final request his wife Paula has invited all the guests Buster wished to be present for the annual Christmas party, including the local Chief Inspector. Unfortunately it appears the Chief Inspector is not off duty this evening, as he has arrived with terrible news. Buster Kracker did not die of natural causes. He was murdered, and one of the guests here is responsible.
